Re: Notification of Public Records Request in the matter of
Brown v. Green

Dear Records Custodian:

Pursuant to Wis. Stats. §§19.31 – 19.39, the state public records law, and on behalf of my client Jackie Brown I am seeking the following information:

Any and all accident reports generated by Madison Police Officer Jeffery Blue related to a fatal car accident which occurred on February 19th, 2025.

As provided by law, I expect your response as soon as practicable. If you deny this request, I demand in advance that you provide a written explanation for the denial, including a reference to the specific statute upon which you rely to exempt the requested records from disclosure. Also, please provide all portions of the material sought that are not encompassed by the exemption. I would note that violation of the open records law could result in the award of court costs, attorney fees, and actual damages of not less than \$100. I would further note that if the court determines your noncompliance with the open records law was arbitrary or capricious, the court could award punitive damages against you and fine you up to \$1,000.

Please notify me if the costs of this request are expected to exceed \$25.

Thank you in advance for your prompt attention and assistance in fulfilling this request.

Sincerely,

Anne Schacherl
Attorney at Law
